

Council Sets Priorities

The new leadership team at LOTC has set two priorities for the church moving forward: *community outreach* and *hospitality*. These values will shape our mission and vision as a congregation this year. We will continue to be a church that looks outward, serving those beyond our walls. We believe this is central to following Christ. We will also strive to be welcoming to everyone who enters our building. God calls us to be generous and humble as we welcome the stranger, and we are committed to make LOTC a place where everyone belongs.
